

The Bible in a Nutshell - Walk Through the Bible – Old Testament

Dig Deeper Sunday 16th February – at The Vicarage

For those who were unable to attend or for those who missed part of the Walk Through event on Saturday 25th January, there will be an opportunity to catch up with what has been missed on Sunday 16th February (or just as a refresher if it was too much to take in everything on the day). The course we did in January had five sections we did 3 in the morning and 2 in the afternoon (though part of the final session was after 5.00pm):

4.30pm – 6.00pm Sessions 1-3 (equivalent to the morning on 25th January).

6.00pm-6.30pm Session 4 (equivalent to the first part of the afternoon)

6.30pm-7.00pm Simple Meal (please let Celia know any dietary needs)

7.00pm-8.15pm Session 5 (including the second part of the afternoon plus the prophets – which took place after 5.00pm) Plus a section on an overview of the whole and of what we have learnt together about God, His character, and His big picture plan in the Old Testament.

Do come and join us for any part or for all, however please let us know (especially about the meal). 01793 770077

By definition, this Dig Deeper session will be brief and will be an overview of the course rather than going into all the detail we did at the end of January. Looking ahead it would be helpful to know who might be interested if we did another Saturday event for the New Testament later in the year.

Collect: 3rd Sunday before Lent

Almighty God, who alone can bring order to the unruly wills and passions of sinful humanity: give your people grace so to love what you command and to desire what you promise, that, among the many changes of this world, our hearts may surely there be fixed where true joys are to be

found; through Jesus Christ your Son our Lord, who is alive and reigns with you, in the unity of the Holy Spirit, one God, now and for ever. Amen.

Eco-Prayer

In February pray that God will give wisdom to nations to honour the commitments they have made in the Paris Agreement to keep global temperature rises below 2C. Pray that God will inspire scientists and industry to find solutions to the problem of generating clean affordable energy and reducing carbon emissions.
